

MR BLUEZ

Mr. Bluez is a dynamic 6-piece electric blues outfit with elements of Rock, Jazz, Funk & Soul. The band has been around for about 3 years and in that time endured several line up changes until settling on the current one, which they cite as their strongest to date.

The band is fronted by **Mark Turner** on lead vocals. Born in Chicago and raised by parents who are both jazz musicians, Mark was destined to sing the blues!

On harmonica/vocals is the incredible **Peter Thorneycroft**. With over 40 years stage experience and a swag of bands to his credit (e.g. The Riff Band, Housewreckers, The Bluescasters, and Bourne, Thorne and Friends) Peter takes the blues harp to a whole new level. (Don't get in his way when this guy's doing a solo!)

The guitar playing duties are taken care of by **Chris Natoli**, who started **Mr. Bluez** and is the driving force of the band's sound. Chris is a stunning guitar player and one to take note of.

The rhythm section consists of **Silas Gibson** (Drums), **James Saunders** (Bass) and the amazingly talented **Matt Bolding** (Keyboards). They're all graduates of N.M.I.T Contemporary Music and as well as being one hell of a tight rhythm section, are all accomplished soloists in their own right. Don't let their youthful faces fool you- these guys are monster musos! How sweet it is!!!

Mr. Bluez currently has two C.D's released "Live at the St. Andrews Hotel" - and their latest studio Album "Time For a Change", which has earned them heavy rotation on **PBS** and **RRR** Blues and Roots programs.

Mr. Bluez play an electric mix of covers and originals and cite major influences such as Stevie Ray Vaughan, Paul Butterfield, Kenny Wayne Shepherd, Muddy Waters and many more.

The only true way to really appreciate **Mr. Bluez** is to witness them live for yourself
